EDUCATION

MA IN DIGITAL EFFECTS - COMPOSITING

2020 | NFTS - National Film and Television School (Beaconsfield, UK)

At the NFTS where I was involved in several projects, mainly as a compositor, VFX Supe and if needed as a colourist. The main areas of personal research at the school were deep compositing, ACES workflows and post-production pipeline.

BA IN GRAPHIC DESIGN AND MULTIMEDIA

2017 | LABA - Libera Accademia di Belle Arti di Brescia (Italy)

I graduated from the school with full marks presenting a dissertation about the production of the short film Cesare.

ABOUT ME

I'm a very passionate VFX artist following the path of Digital Compositing. I'm technical, open and strongly team-oriented.

I love organised Nuke scripts, movies and TV series. I'm also into tech, code, good food and new experiences in general.

I'm looking forward to meeting new people and getting involved in exciting projects and development opportunities.
